

Mission Statement

Pearl Harbor Christian Academy is "Committed to God and Academic Excellence." Our goal is to assist parents in preparing Kindergarten through Eighth Grade students to become independent and contributing members of an ever-changing world. In addition to academic instruction, students are also taught a biblical worldview that will help them develop moral integrity, responsible behavior, respect for themselves and others, as well as a love and commitment to Jesus Christ.

Philosophy of Education

We believe that parents hold the primary responsibility of educating their children with supporting scripture references from Deuteronomy 6:7 and Ephesians 6:4. As a school and staff, we are dedicated to assist parents with the commitment they have to their children's education. Success in school must also be dependent on instruction and involvement at home.

The Bible is the authoritative Word of God (2 Tim. 3:16-17). Students are taught to accept scriptures as God's truths (facts) and to understand and apply them in their lives. Students are presented with the Gospel message, their need for a personal relationship with and salvation through Jesus Christ, given the opportunity to accept Christ as their Savior, and nurtured to grow in the grace and knowledge of our Lord and Savior Jesus Christ. Students' spiritual guidance is further enhanced as they observe the

Christian role models of our staff, as well as parents' commitment to Jesus Christ and their Godly example (Titus 2:7).

We believe that students should also be developed intellectually with an emphasis in the areas of language arts, communication and writing skills, problem solving, mathematics, science, and history. In order to provide the most challenging, comprehensive and factual information, all lessons will be taught in line with biblical truths.

Our bodies are considered the temple of the Holy Spirit (1 Corinthians 6:19); therefore students are instructed in the areas of physical education and health.

We maintain a staff of qualified educators who have a personal testimony of their faith and devotion to Jesus Christ. Our staff is committed to working with parents towards their children's spiritual, intellectual, emotional, social, and physical development. Our desire is to help students be successful and reach their full potential in Christ (2 Timothy 2:15).

While there are other lucrative opportunities available, we believe our faculty has been called to serve in our Christian school ministry and each person has made a personal choice to minister here. We are centrally located on the island of Oahu and are called to provide an affordable means to a Christian education for the families that we serve. As our tuition is one of the lowest available on the island, we are totally reliant on God's provision in all that we have, as well as His direction in all that we do (Ephesians 3:20).

Curriculum

The curriculum includes Language Arts, Science, Health, Arithmetic, Geography, History, Bible, Art, Music, *Technology, Physical Education, and various electives at the Middle School level. Extra-curricular academic activities include Math Olympics, Spelling Bee and Science Fair.

***1:1 iPad distribution for Middle School students. Classroom set is available for upper elementary.**

Our curriculum provides a challenging and comprehensive program. Students are presented with a high standard of academic learning with lessons integrated with biblical principles and that all truth comes from God's Word.

Admissions

Students are admitted based upon their previous record of conduct, academic achievement, teacher references and our school entrance exam.

New student applications are accepted in the month of November prior to the next school year. Kindergarten applicants need to be five years of age by August 1st to be considered for admission.

Due to our low student-teacher ratio per class, not all who qualify can be accepted. The applicants who show the greatest potential for success will be admitted.

"Application for Admissions" packet and the most current Fees and Tuition Schedule are available at our website.

PHCA is a School Collaborator for the Kipona Scholarship Program.

Class Size

We believe that a quality education is related to a lower student to teacher ratio. A report conducted by the U.S. Department of Education stated that "smaller classes...lead to high student achievement." The most significant effects of class size on student achievement appear when the class size is kept to a maximum of no more than twenty-two students.

K-2nd grade will have a maximum of twenty students per class. When enrollment is full for a particular grade level, that class will be closed. In some cases, we may decide to close enrollment for a class at a lower student to teacher ratio. Applications for grade levels that are closed will be taken on a wait-list basis only.

Health Requirements

All students need to meet the Hawaii State Department of Health requirements in order to be admitted and allowed to attend school in Hawaii.
